Dear Steve,

9/25/04

I wanted to thank you again for your "Roaring 20's...An American Vaudeville" presentation this past summer. Your show was original, engaging and definitely age appropriate. In the words of one of our group leaders, "It was the surprise hit of the summer!" Your slapstick routines and use of audience participation kept our kids entertained throughout. Even our counselors got to participate!

We look forward to a future encore performance.

Sincerely,

Eric Demel
